

# High pressure governor

---

Model: KHNV-□□

Nominal diameter	2B, 3B, 4B
Connection method	ANSI 300lb RF flange, RJ flange ANSI 600lb RF flange, RJ flange
Piping installation	Horizontal
Primary pressure range	1.0~8.5MPa
Secondary pressure range	0.1~4.0MPa
Control method	Pilot operated
Recommended flow rate	3000m <sup>3</sup> N/h or more
Application	For high-pressure gas station, dedicated
