

Mechanical pressure compensator

Model: PCK□□□

| Model | PCK004 | PCK020 | PCK030 | PCK100 |
|--------------------------------|---|--------|--------|---------|
| Structure | Mechanical, rainproof construction | | | |
| Ambient temperature | -10°C~+60°C | | | |
| Corrected pressure range (kPa) | 10.1~40 | 20~200 | 40~300 | 250~990 |
| Reference pressure | Standard 0.98 kPa (settable in the range of 0 to 2.9 kPa) | | | |
| Compensation accuracy | ±1.0% | | | |
